

## Introducing Katie Bear and Friends...

Katie Sansone is the author of ten books, most of which were written for children. She and her husband live in Kentucky. They have two daughters and six grandchildren.

With a passion for storytelling and a very creative imagination, her children's books are for readers ages 7-10, or to be read to children ages 3-6. There's also one just for tweens, ages 11-12.

For the adults, she has two non-fiction works, one of which is a memoir filled with stories, poems, letters and a look into the author's personal life; the other, a very vivid recollection of a dream.
